

# 6<sup>th</sup> Korean Forum on Pharmaceutical Formulation Technology

June 23<sup>rd</sup>, 2026

Suwon Convention Center, Korea

사단법인 한국약제학회  
The Korean Society of Pharmaceutical Sciences and Technology

# OVERVIEW

The 6<sup>th</sup> Korean Forum on Pharmaceutical Formulation Technology aims to provide professionals and researchers in the pharmaceutical field with an excellent opportunity to explore the latest formulation technologies. Global experts in formulation technology will introduce cutting-edge techniques used in formulation research and product development, showcasing practical applications. The forum will cover a wide range of topics, including polymer characteristics, the product lines and nomenclature of EUDRAGIT® polymers, coating and taste masking, enteric formulation design, solubilization of poorly soluble drugs, and oral drug delivery and sustained-release technologies based on EUDRACAP® and EUDRATEC®.

## DATE

June 23<sup>rd</sup>, 2026

## VENUE

Suwon Convention Center, Room. 406-408  
Suwon-si, Kyunggi-do, South Korea

## PARTICIPATION FEE

Free of charge

## LANGUAGE

English on Presentation

## REGISTRATION

Due to the high interest and limited seats at our workshops we recommend the timely registration through our registration page. The registration is available through the left QR code or click [here](#).

## QUESTIONS?

In case of questions regarding the forum or your travel planning, please do not hesitate to contact:

Rachel Roh ([rachel.roh@evonik.com](mailto:rachel.roh@evonik.com)/+82-10-5079-3156), Evonik Korea

Young-ung Ju ([thunder23@acebiopharm.com](mailto:thunder23@acebiopharm.com)/+82-10-4183-4208), Ace Biopharm

사단법인 한국약제학회  
The Korean Society of Pharmaceutical Sciences and Technology

# PROGRAM

---

- 08:00 **Registration**
- 09:00 **Welcome speech**  
Prof. Cheong-Weon Cho, Chungnam National University (President of KSPST)
- 09:15 **Introduction of Evonik**  
Thomas Choi, Cluster Head of Evonik Korea
- 09:30 **Introduction of Ace Biopharm**  
Byunggyu Min, CEO of Ace Biopharm

**MORNING SESSION** Prof. Simmyung Yook (School of Pharmacy), Sungkyunkwan University

- 09:45 **The EUDRAGIT® world - Products and nomenclature**  
Rachel Roh, Business Manger of Health Care, Evonik Korea
- 10:30 **Ready-to-use high gloss cosmetic coatings, taste masking, and moisture protection with EUDRAGIT® polymers**  
Shota Ukeba, Technical Service Staff of OpenPharma Lab, Evonik Japan
- 11:30 **Coffee break**

사단법인 한국약제학회  
The Korean Society of Pharmaceutical Sciences and Technology

# PROGRAM

---

11:45      **Formulation principles for enteric formulations using EUDRAGIT® polymers**  
Henry Han, Head of Formulation and Application Service Health Care, Evonik Great China Region

12:30      **Lunch & Networking**

**AFTERNOON SESSION** Prof. Min-Jun Baek (Department of Bio and Brain Engineering), KAIST

14:00      **Recent advances in solubility enhancement**  
Tatsuya Ishii, Manager of OpenPharma Lab, Evonik Japan Co., Ltd.

14:45      **EUDRACAP® ready to fill enteric capsules for early drug development up to drug product manufacturing of highly sensitive molecules**  
Dr. Seyedreza Goldoozian, Head of Application Technology EMEA, Evonik Operations GmbH

15:10      **EUDRATEC® Advanced oral drug delivery technology platform for modified release using EUDRAGIT® polymers**  
Dr. Seyedreza Goldoozian, Head of Application Technology EMEA, Evonik Operations GmbH

15:35      **Trouble shooting & Q&A session**

16:00      **Wrap-up**

16:15      **End of the seminar and time for individual discussions**
